Schoeneck Moravian Church Photographic Policy – 2026

Purpose: The purpose of this policy is to define the use of photographs and other recorded media at Schoeneck Moravian Church.

Photographing minors: When children under the age of 18 are photographed (except as part of a general group or crowd photo as outlined in the full policy), the consent of at least one parent will be obtained before their photo will be used in any way. In addition, the following guidelines will be enforced:

- Under no circumstances will any identifying information (first or last name, family members, email addresses, school names, etc.) of anyone under 18 years of age be included in or associated with any photographs or videos displayed, posted or published in any way.
- All registration forms for events, activities, or programs, such as Sunday school, youth group, VBS, etc. will contain a reference to this policy, a permission request to allow the participant to be photographed in accordance with the policy, and a clear method to allow the signing parent or guardian to “opt-out” of inclusion in any photographs or video recordings. Note that opting-out via an activity sign-up form will apply only to that activity, not as a “blanket” request (see “Opting-out” below). For annual programs, a new photography release form will be requested every year.
- Any event-related photos including minors must have already occurred. For example, a photo of a prior-year camping trip could be posted or published, while a photo of youth who are signed up for a future camping trip could not.
- Opting-out: Parents/guardians who do not wish for their child’s photo or video to be potentially posted online or otherwise displayed, regardless of the context, should send a written note or email to the Church Office and Schoeneck Moravian Church will make every effort to exclude the indicated minor from any individual or small group photography. Please note that children may still be included in general group or crowd photos without identifying information; however, you may always request that any photo be removed from display.
